Comment : In order to increase the number and strength of LPFM radio stations, I offer the following comments: (1) We in WNC need contour protection (CP) from massive interference to WPVM by WIMZ of Knoxville, TN; (2) WPVM needs permission to own translators; (3) We support your position to eliminate third adjacent channel spacing; and (4) We support your efforts to increase the number of LPFM stations on the air and to strengthen the viability of those stations that are already operating. Thank you for your consideration of this input.
